Wednesday, September 19, has been tentatively set for the Angus Feeder Cattle Sale at your Glades Livestock Market. That is more than two months off, but time to start thinking about your top quality feeders. Will you have some for sale? Contact us or Bill Stitt at Clewiston.

GUARD RETURNS HOME

The local Company "E" 211 regiment of the Florida National Guard will return Sunday from the two weeks encampment at Ft. McClellan, Ala.

Art Bound To Install Underwriters Officers

Art E. Bound, Vice President of the Florida State Association of Underwriters will officiate as installing officer for the Glades District of the Association on July 19th at 12:15 with luncheon at the Glades Country Club.

Mr. Bound is well remembered by the Glades underwriters as he was instrumental in the formation of the Glades group and its afliliation with the state organization.

Mr. Bound's Co-chairmanship of the Ethis Committee of the State organization affords him a substantial background in the Association's object of informing the public of the association's aims and objects.

M. I. Coleman, incoming President, Glyn Carr, Secretary-elect and Ray Wilkinson, Public Relations Officer spent last week end in Gainesville at the State Association meeting. Included on the program was a two-hour schooling for the visiting delegates.

All underwriters and company representatives are urged to attend the installation ceremonies o nthe 19th.

Legion Presents Flags To County Commission

Raymond R. Richardson representing Legion Post No. 12, West Palm Beach presented to the County Commission three American Flags for use in the circuit courtrooms.

Mr. Richardson also promised to furnish a new flag for the Commission Room.

Liza Will Stay Sober Two Years Probably!

Liza Sullivan an alcoholic who has been rather free with a knife in her social activities around Belle Glade in recent years, according to police, has been given two years as the result of a vigorous flourishing of a knife.

According to the rules, Liza will be freed of the temptation to drink intoxicating beverages for her two year term, less time off for good behavior.

Local police hope she will become permanently freed of the inclination.

BPW Biennial Convention In Miami Marked By Glades Clubs' Activities

Commencing the day at the Cracker Breakfast — where no crackers were served to the anticipating guests — and winding up with a "Glades Open House", Business and Professional Women of Clewiston, Pahokee and Belle Glade impressed more than 3,000 BPW delegates with the effectiveness of our water control, the sweetness of our sugar, the tenderness of our beef, the quality and volume of our winter vegetables and displayed reasons why Sheba, Cleopatra and Katherine the Great knew ramie fibers so favorably, on last Independence Day in Miami.

Miss Sara Lee Creech chaperoned the discussions which brought Mr. Mayo's Cracker Breakfast with its citrus juice, eggs, ham, biscuits, grits a la Mayo, and syrup, and Miss Creech MC'ed the proper mingling of syrup and biscuit, preceeding her other duties as presiding dignitary, in Miami's splendiferous Fontainbleau.

The visitors became so enthused because they didn't have to eat crackers at the breakfast

(Continued on page 2)

LEI-DECORATED MISS LUCILLE K BERG, President of the Hawaiian Federation knows Ramie is an oriental plant, but is admiring the intriguing design of cloth in the suit of Mrs. Lila Mae Durgan, Florida President which was presented to her in Belle Glade last May. Mrs. Uceba Carruthers, Belle Glade, Mrs. Johnny Davis (left) of Pahokee and Mrs. Helen Peters of Clewiston (right) are intense in their attention to Mrs. Durgan—?

Revenue Bonds For Recreation Activity Offered July 25th

City Clerk and Acting Manager Frank Anderson reports that the $200,000 in revenue bonds validated by the Circuit Court last Thursday will be offered for sale on July 25th.

The bonds are secured by the franchise money paid by the Fla. Power & Light Co. to the City and run for a tctal of twenty years.

According to the schedule the first bond due will become due in 1961, with $10,000 maturing each year thru '66. All bonds maturing after '56 may be paid up during '57.

An assumed rate of 3½% interest is set up, and no year will find a surplus of less than $8,665 according to the estimate of the fiscal agents.

The proceeds of the sale announced will be used for recreation activities under the Recreation Commission, now functioning.

Definite plans are not announced as yet, but one swimming pool is expected by the public.

Picture Show Operator Becomes Boss At C&SF

Bolivar Hyde, "has traveled and become familiar with the entire state" and "has been vice-president and general manager of the Talgar Theater Co." according to press reports.

Bolivar has been selected as Executive Director of the C & South Florida's activities.

Actions and reactions of the "customers" of the C & S F and those of a picture show are most certainly analogous, for they are all folks. Customers here, however, OWN the works.

Bolivar is quoted as saying "the work is fascinating and intriguing" — and how, Bolivar, and HOW.

Local BPW Girls Fifth In National Program Contest

Representing the State Federation after winning in a contest with 95 Florida Clubs, the Belle Glade BPW group placed fifth in the national contest with 51 top entries for the best coordinated program over a period of two years.

Among the 4400 clubs in the USA, eliminations were held to determine which club would represent each State or like group in the nation-wide contest.

The Club's activities, particularly on community affairs, as well as its effectiveness in publicizing local, county and state governmental efforts, were among the determining factor in the contest.

City Gives OK On Swimming Pools

The City Commission gave the Recreation Committee authority to proceed with the colored swimming pool, authorizing two plans for recreation building and swimming pool for both white and colored, Wednesday night at the City Hall.

Accepted by the city were recommendations from the zoning Board on rezoning the area 160' South of Ave. A Extension and West of Ry, zoned B-2 and balance of tract 26 and 27 North and West of Ry tract zoned 2-, two types of zoning, light industry and business.

The City agreed to release the East Five acres of colored Parkway, leased from the Housing Authority, so that School Board can lease and develop for recreation activities. Turned down by the council were requests for Beer and Wine package license at Kwik Chek.

Continued Growth Indicated In 3.11 Mill Tax Increase

Palm Beach County's largest budget to date — showing an increase of 3.11 mills and $392,694.73 in the General Account over last year's budget — was tentatively approved by the County Commission this week.

The 1956-57 tentative budget shows a total millage of 16.63 mills to be levied and an expendable amount of $2,340,094 in the General Account.

The general amount increase, according to R. B. McKee, county board executive secretary, is due to anticipated increased operations based on experience tests for the various items.

One of the largest increases, a total of $122,895, was set up for county airport funds, because of necessity, McKee explained, "to provide more space for the Palm Beach International Airport tenants, to extend the runway at Lantana Airport, with participtaion of the CAA in the amount of $40,000, and enlarging airplane parking area at PBIA."

A total increase of $185,807 was noted in the Fine & Forfeiture Fund for 1956-57, resulting, in addition to the increase in fees based on the experience table, from two requested additional appropriations: One for $50,000 to set up a Criminal Investigtion Agency, and a request for $50,200 to provide for an additional Criminal Judge, and also for an additional assistant County Solicitor, with adjustments in salary on a higher level for the Solicitor and assistants.

Millage Increase includes those for the Capital Outlay Fund, which carries the major portion of Capital Improvements such as the completi on of the County Office Building for permanent offices, together with an additional floor, furniture and equipment, and other expenses which resulted in a levy of .9 mills this year as compared to no millage levy last year.

A new account, calling for .4 millage, is the Public Improvement Fund, which allows the assessing of property for street improvements to be refunded by assissing property for payment.

Two millage decreases for the coming year were for the General Road and Bridge Fund, a decrease of .4 mills made possible by the decrease of expendable items in this year's budget, and the Ocean Blvd. account, also a .4 mill decrease, because of maintenance expense and other decreases.

Main increases include: County operating, $131,126.85; Home and Hospital, $34,800, because "this institution, serving a worthwhile need for this county, has grown to the extent that it will have to be enlarged"; Children's Home, $400; Agricultural, $2,471; Law Library, a decrease of $700; Parks, $61,918.52, to include building of extra facilities and operation; Fee Offices, $5,000; Anti-Mosquito, $25,135; State Anti-Mosquito, $7,622.16, and Mother's Aid, no increase.

Major increases in the Fine and Forfeiture Fund include: Clerk Criminal Court Cost bills,

(Continued on Page Four)

SOLITARY CONFINEMENT CELLS or "Sweat Boxes" are provided by the legislature to be used by Directors of state prisoner units in disciplinary action for infraction of prison rules. The door (right) is made of steel with a glass window at the top and an opening in the bottom third for air and passing of the bread and water diet. On the left Foreman Johns, who is about 5 feet ten inches affords a comparison for height and also for elbow room. Above his head is shown a ventilator. The box is approximately five by eight, floor size. The face of an occupant is seen — at least his eyes may be seen—peeking out and longing to be out.

Sweat Boxes And Leg Chains Legal Punishment In All Florida Prisons

Facts about the operation of the Glades State Prison Farm located between Belle Glade and Pahokee are very newsworthy.

Sensational journalism doesn't always distinguish too closely between facts, half facts and fiction born in the minds of law breakers whose opinions are sometimes biased.

Laws of the state, Tallahassee and local administrative rules prevent whipping, or striking prisoners in any manner. Suspicion of violating this rule brings immediate dismissal.

Yet, prisoners must be controlled somewhow, and the "box" is legislatively authorized and leg-chains are legal for prisoners who do not conform to rules and regulations.

The "Sweat Box" has been in the news recently because of the death of a prisoner who had partaken of "joy juice" to point of inebration, and consequently had been sent to the "box".

The pictures above show the door, which has a glass near the top for light, and a door below the mid-point as access for food and air. The "box" is approximately five by eight, floor size and approximately seven feet high, with a toilet and lavatory. Two blankets are provided and, we were told, corn bread and water once a day is the diet. The length of time in the box is decided by the Superintendent and depends on the attitude of the prisoner.

Prison regulations call for daily visits by the doctor, except Sunday, to all occupants of the

(Continued on Page Five)

Judge Places Six Boys On Probation

Six boys who broke into B. A. Russell Co., Sunday, June 24, were not apprehended until last Friday. Two of the boys tried to sell a dozen knives to a local merchant, who became suspicious and called the police.

The boys according to Earl Chancey, juvenile officer in this area gave the name of the other four boys. He said that the value of the stolen articles totaled over $100.

Presented in Juvenile Court Monday by Chancey the six boys were placed on probation by Juvenile Judge Richard Robbins.

Picking Up Dropped Fruit Is Big Help To Medfly Eradication

Pick up and destroy all fallen fruit, if you want to lend a hand in the campaign against the Mediterranean fruit fly.

This suggestion from L. F. Steiner, U. S. Department of Agriculture research entomologist, applies not only to the commercial grower, but to the backyard gardener as well.

All dropped ripe fruit should be suspected of Medfly infestation. Just one fruit in a thousand can be the start of an extensive infestation, Steiner says. During the summer months in Florida, Medflies can complete a generation every four weeks. If there are enough host plants available — a small yard planting can offer enough—a female fly can deposit as many as 600 eggs. Under such circumstances, it isn't long before a dangerous infestation is established.

The flies slow up some in the winter, Steiner says, but not enough that we can let up in our efforts to bring them under control.

It is believed by many of the Medfly eradication officials that just single infested fruits dropped by the roadside by highway travelers have resulted in many of the limited infestations that are now known to exist through the southern part of Florida.

Dropped fruit should be promptly destroyed by tossing it into a hole or trench dug in the soil, treated heavily with insecticides such as malathion or dieldrin, and covered over with at least a foot of earth. Another way to destroy any larva infesting dropped fruit: burn it or place the fruit in waterproof paper bags that can be tightly closed and send to the incinerator.

Home owners should try to pick up dropped fruit on a day-to-day basis. Commercial growers should pick up at least twice a week. Over-ripe fruit hanging on the trees should also be

(Continued on page Four)

CAP Cadet Tours Puerto Rican Isle

Local Civil Air Patrol Cadet Sgt. Jeanne Willits, was one of eighteen girls from this country to visit Puerto Rico on the International Female Cadet Exchange Program, this year.

Lt. Col. Ray Binder the Florida AF-CAP Liaison officer flew her to Charleston, S. C., where she joined the other cadets and the senior CAP escorts. The all-expense paid twenty-day trip landed the group in San Juan on June 20th. They were housed in Bachelor Officers Quarters at the San Juan Naval Air Station during their stay.

Activities included in the tour were: swimming on Luquilla Beach, shopping in San Juan and dinner at the El Castillo, the Belgica, and Colegio de Abogados Hotels, picnicking, swimming and hiking in the mountains, movies, dances with the Coast Guard Cadets, the Puerto Rican CAP Cadets, and the Puerto Rican Cadet Drill Team, boat trips to Cajà de Muertos and Rat Islands (a beautiful place, very few rats), visits to the Morro Castle, and

(Continued on page 2)

Record Breaking Car Lot Movement And Dwindling Per Package Return Net Retailers Increasing Volume

Bustin Out All Over Now It's Aviation!

Evidence of growth thrust upon the county is a report that the County Commisison this week launched preparations for erection of two new hangars at Lantana Airport with adoption of a resolution authorizing issuance of $100,000 worth of revenue certificates.

The board was requested by Florida Air Motors, Inc., to enter into a 20-year lease for the hangars, effective when completed, which the company will rent for $10,000 annually, according to Attorney Henry Lilienthal, representing the company.

In addition, the county would be assured of $2,500 minimum through the sale of gasoline at the hangars, at the rate of 2c per gallon, and five per cent of gross sales excluding airplane and gasoline sales.

The hangars will afford a total of 18,000 square feet of space, and are to be maintained by the county, according to the lease.

Byron Collier has agreed to loan the $100,000 for the revenue certificates, according to Wes Jackson of Florida Air Motors, Signing of the lease is contingent upon its approval by the CAA, Mr. Lilienthal told the board.

"Community Spirit Is What Does It"

President Uceba Carruthers of the local BPW Club says "To carry out the most comprehensive plans of promotion and entertainment to such a group as our International organization is pleasant in contemplation. The doing is less fatiguing; it's titilating — to have a unity of effort and community spirit such as has been displayed in our program to effectively put before the visitors the Glades' attractive natural resources."

We want to thank the following for their wholehearted "we're with you" spirit; City Fathers of Clewiston, Pahokee and Belle Glade, Fla. &. & Light, County School Board, Fla. Fruit & Vegetable, U. S. Sugar, Bank of Pahokee, Fla. National and Everglades Federal, the Pahokee and Belle Glade Chambers and Alex Ramey.

The Everglades Experiment Station, Dr. Allison and Mr. Yount provided the material and set up the ramie exhibit; C. & S. Fla. provided the flood control exhibit.

First Franchise Check Nets $17,138 To City

The first annual franchise check from the Fla. Power & Light Co. was for $18,015 less charges to the City of $877, netting $17,138.

This is approximately one thousand more than the fiscal agents estimated.

Diversification, Mechanization And Improved Distribution Indicates Stability

The Glades area of Palm Beach county in adding to its unmatched mechanization in agriculture, gives evidence of further diversification in meat packing plants, beef production, dairying, cattle feeds, and fibers. It is continually improving distribution of its products; During this transition it maintains an increase of its financial assets.

The combined assets of the Bank of Pahokee, The Florida National Bank and the Everglades Federal Savings & Loan increased since July 1, '55 from $17,339,855 for a 10% increase to $19,084,783.

Belle Glade's 116 reporting retail stores in '54 with total sales of near eleven millions showed a gain of 64.4% in volume over '48 and a gain in business per store of 67.2% as against the state average of 68.9% and 32.6%. Figures for '55 are not available from the reporting agency. The increased payroll from the harvest this season has undoubtedly added to the total retail sales for the year '55.

What industry has shown more progress in mechanization than GLADES agriculture with its packaging machines for radish — this has put radishes fresh and crisp on thousands of additional tables — the corn and celery harvesting machines, Cary's field decorticator and Bill Pierce cleaning equipment for fiber?

A vacuum precooling plant has been announced, and a meat packing plant requiring substantial volume of locally produced beef cattle is far advanced in planning.

The distribution of Glades grown vegetables is fortunate in having top minds of the industry wrestling with its problems locally and with increasing volume and contact with the dinner table in the medium sized towns and cities of the continent.

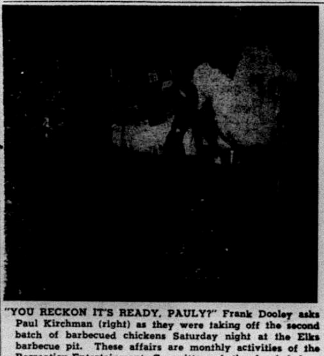
Mixed cars, which accounted for some 6,600 carlot equivalents this past season, allow the dealer in small communities to buy a carload with as many as ten or twelve varieties of vegetables some from the lower east coast such as pepper, squash, cucumbers, and limas to be filled out with celery, corn, cabbage and leaf vegetables from the Glades.

Mixed cars and specialty packaging are indicated as the source of the most substantial gain in volume for the Glades vegetable industry.

The increased sales volume of the Glades Livestock Market the past year and the influx of South American and Texas cattlemen substantiate the local claims of great advantage to beef producers on the muck lands.

The flow of cash from our northern and mid-western neighbors heretofore busy on

(Continued on page 2)



"YOU RECKON IT'S READY, PAULY?" Frank Dooley asks Paul Kirchman (right) as they were taking off the second batch of barbecued chickens Saturday night at the Elks barbecue pit. These affairs are monthly activities of the Recreation-Entertainment Committee of the local lodge. Also regarded highly by the membership are frequent Saturday night dances.

that ladies from Rhodesia, Africa, France, Switzerland, Britain, Germany and Cuba tried to sing Dixie in their native tongues. They were further rewarded with dress length ramie material. When the smoke had cleared away one lone man, Clem Johnston of the Board of Directors of the US Chamber found himself decorated with ramie material along with past national presidents and 80 other BPWers.

Following the lunch hour "Glades Open House" was crowded until closing time at six p. m.

C&SF's map of the flood control program was explained by an attendant; Mrs. Ruth Wedgworth was on hand to assist Dr. Allison and Fred Yount to talk of vegetables, cattle and fibers; Members from the Glades' three clubs took turns acting as guides, with Clewiston ladies specializing in the sugar display which they secured and Pahokee the tropical fruit display.

Mrs. Bertha Anderson of West Palm and Miss Lottie Mae Shaw operated a spinning wheel and a portable loom with ramie fibers and yarns; hostesses served fresh lime punch which was furnished by the Avocado and Lime Commission.

Mrs. Fred Yount and Mrs. Allison interrupted their rest period with a hand here and there during the showing; they had both labored assisting their husbands in setting up the display.

Representative Emmett Roberts assisted Jack Shoemaker who represented Mr. Mayo in doing the official courtesies and both were loud in praise of the effectiveness of the Open House. Shoemaker said "from where I sat these folks will always re member Florida and the things you are responsible for."

"The Glades Open House", said Mr. Roberts, "can bring nothing but congratulations to our area clubs for the wonderful job in selling Florida internationally."

Mrs. Uceba Carruthers, President of the local club will not have caught up on her sleep and rest until after this weekend, as she led the Glades Presidents in the job of official hostesses.

Golfers Association Not Superstitious

Members of the Gulfstream District Women's Club Association are not a bit superstitious, as they are planning a third birthday celebration today, Friday, July 13 at the Delray Beach Country Club.

Galfers from the local club who have been successful in several tournaments are Louise McWhorter, Pete Kirchman, Kat Weeks, and Amy Whidden, Mabel Wilson and Eva Spooner of Pahokee.

Competing in the Founder's Day program for Founder's Trophy which will be awarded to the low net winner of the day, will be ladies from Delray, Fort Lauderdale, Lake Worth, Hollywood, Pompano Beach, West Palm Beach and Belle Glade.

RESOURCES OF GLADES

(Continued from page one)

the east coast is about to take root in the Glades. Groups with millions to invest are eyeing the muck lands as a virgin territory for development.

Dairying, which is hopping from sand hill to sandbed on the east coast to make room for the housing projects is about to devise plans for using the unmatched ability of the mucklands to produce high protein milk-producing grasses the year-round.

Any prognosticating expert on population, or economic expert, in the United States, who has not predicted all of Floriad's unprecedented growth has not yet "arrived" in his profession. They all can't be wrong and you almost believe some of them when you visit the coast towns and become peeved at the traffic of foreign cars.

There's an insurance company organized and financed in the Glades — Seminole Life — It's officers and directors are all Glades citizens, and it's growth is phenominal in this age of generous appreciation of life insurance throughout the south. It's most substantial growth of business is in the Glades.

If you're afraid of the overall economy of the Glades, stop and think, study, and then if you can't satisfy yourself go see a friend **on the coast** and both of you jump in the ocean—it's fine.

From where I sit ... by Joe Marsh

"Keep The Change"

If you've seen "Mac" Johnson this week, chances are he's told you his waitress story. For those who haven't heard:

"Mac" recently stopped at an out-of-town diner. He ordered the chef's special—and his waitress (brand new on the job) made every possible mistake. She confused the order, spilled the soup, dropped the rolls, brought him a wrong dessert.

Despite it all, "Mac" left a substantial tip. But she smiled and handed the money back. "Keep it, Mister—you've sure earned it more than I have," she said.

From where I sit, that girl deserves credit for admitting her shortcomings—something not everyone is big enough to do. For instance, I'm convinced lots of folks know they're wrong when they deny me the right to a glass of beer with my supper . . . just because they happen to prefer some other beverage. They wouldn't like me ordering them to accept *my* choice.

Joe Marsh

Congressman Rogers Gets Flood Monies

Congressman Paul G. Rogers announced today that the House Public Works Committee had adopted further authorization of the Central and Southern Florida Flood Control project which he had pressed for in Committee. The comprehensive Flood Control plan, authorized by Flood Control Acts of June 30, 1948 and September 3, 1954, was modified to include the following:

An additional monetary authorization of $40,000,000 for partial accomplishments of the over-all Flood Control plan.

Additional flood control projects in Hendry County to provide a canal and dike system at an estimated cost of $3,172,00.

Rectification of sedimentation conditions in the South Fork of St. Lucie River in the vicinity of Palm City, Florida, caused by operation of the St. Lucie Canal, at an estimated Federal cost of $164,900, with subsequent maintenance and operation of the shoal area by local interests.

Congressman Rogers arranged for members of the SubCommittee of Rivers and Harbors of the Public Works Committee to visit the Central and Southern Florida Flood Control project during the spring, at which time hearings were held on the project. The Congressman stated that he anticipated the Omnibus bill would be passed by the Congress before adjournment.

Osceola Center Enjoys Summer Recreation

A "Hobby Show" is planned today as the special event at the Osceola Center Summer Recreation Program, according to Wayne Fortenberry assisted by Carney Wilder in charge.

Last week winners of the wheel parade were 1st, Kay Tanksley, 2nd, Kenny Pearson, 3rd, Donnie Linsley.

A vote of thanks is given to A. F. Pearson for driving and donating his truck to transport the children to the Pahokee pool. Through his donation children will be taken to the pool on Tuesday and Thursday.

Registration has reached 122 this week and the children are enjoying the program and activities which are sponsored by the Palm Beach County Board of Instruction.

My Ad:

There has been much concern over the housing situation around Belle Glade — 'Why can't I buy a $10,000 to $12,000 new house in Belle Glade with a thousand to fifteen hundred dollars down like they do on the East Coast? There are several reasons: (1) 85% to 90% financing is practically impossible to secure except thru one of the large volume builders who arranges for his own financing. (2) Because of cost of handling the Mortgage Money —Mortgage people would rather do business with a large project builder than with you on one house. (3) Mortgage money is tight because more municipalities have floated more bonds in the last two years than ever and Big Business has asked for more money for expansion than ever before. It is far cheaper to loan $100,000 ten times than $10,000 one hundred times. (4) Large volume builders purchase materials in carload lots direct from source of supply. All workmen are specialist for one particular job. A volume builder will not consider coming in for less than fifty houses. (5) Some city governments, in order to attract more residents, will build streets and run water lines free of charge into a new tract where new homes are being built. Here in Belle Glade the developer must add to the cost of the buyer for all improvements. (6) We are dependent upon one source of money, on the East Coast they have numerous sources. Their numerous sources can lend all they have on the East Coast at less expense than they could in the Glades.

Dogs should not be given excessive doses of vitamin A. Veterinary medical experiments indicate that doses greatly in excess of the amount normally needed by dogs resulted in loss of weight, poor appetite and other undesirable changes.

News Of Boys And Girls In Service

A/2c Ervin McTaggart, son of Mr. and Mrs. J. H. McTaggart, is home for a 22 day leave before going to Japan, where he will be stationed for two years.

Ervin enlisted in the Air Force in August of 1955 after his graduation from the local high school. He took basic training at Lackland AFB, Texas, and was then transferred to Scott AFB, Illinois, his present base. At Scott he attended radio relay repairman school for 18 weeks, graduating on May 1st. He received his promotion to A/2c about three weeks ago. Shell Vaunadore, of Clewiston is stationed about 200 miles from Ervin and the boys see each other occasionally.

Lt. Col. Richard J. Bestor, son of H. A. Bestor, Clewiston, Fla., is assigned to the movements section, logistics division of the U. S. Army, Europe in Germany. Colonel Bestor, a 1938 graduate of the University of Florida, entered the Army in 1939 and has been awarded the Silver Star and the Bronze Star Medal. He is a member of Kappa Sigma and Alpha Kappa Psi fraternities.

Two young Belle Gladians enlisted in the Regular Army, Friday, June 29th, according to Sgt. F. J. Pryor, local Army Recruiter. The boys are Bobby Jones, son of Mr. and Mrs. Earlie Jones, Tabit Road, and Jimmy Cowart, son of Mr. and Mrs. S. B. Cowart of 1241 NW Ave. "L", Belle Glade.

Both volunteers were sworn in at Miami and were sent to Fort Jackson, South Carolina for eight weeks basic training.

Jones, a former member of the local National Guard, is slated for a try-out with the U. S. Army's Far East baseball team.

Robert Jackson Stanley, son of Mrs. Wendell Harris of 346 Bacom Point Road, enlisted in the U. S. Navy on June 29, 1956. Jack is seventeen years old and attended Pahokee High School, graduating this June. Born in Sanford, Fla., he participated in track and swimming in high school.

Jack enlisted as electronic field seaman recruit under the Navy's high school graduate training program and will receive recruit training at the U. S. Naval Training Center, Bainbridge, Md. After recruit training, Jack will attend one of the Navy's electronics schools.

A3/C Paul R. Miller leaves Sunday, to return to Elgin Air Force Base near Pensacola, following a five day leave in Belle Glade. Intending to surprise his parents,it worked the other way around when he arrived home and foud they had gone to Tasley, Virginia, where they will spend the summer.

Own Your HOME

FOR SALE — Two and three bedroom homes, all CBS construction. Nothing like them [illegible] anywhere—as low [illegible] down balance [illegible] like rent. 1232 N.W. Ave. D, [illegible] Park. [illegible]

ENGAGEMENT of Miss Audrey Meade to Marvin E. McDonald, son of Mr. and Mrs. R. A. McDonald, Ashburn, Ga., is announced today by her parents, Mr. and Mrs. H. F. Meade of Canal Point. Miss Meade is a graduate of Pahokee High School and Belle Isles Business College, West Palm Beach. She is presently employed at WSWN Radio Station in Belle Glade. Mr. McDonald graduated from Ashburn High School and attended Georgia Tech, Atlanta for three years. He is now associated with the Gulf Life Insurance Co. here. The couple plan a late summer wedding.

Pub.: July 13 & 20, 1956.

ORDINANCE NO. 926

An ordinance of the City of Belle Glade, Florida, repealing ordinance No. 612 passed on August 13th, 1944, which provided for the establishment of a trust fund for depreciation on waterworks buildings; repealing ordinance No. 785 passed on February 28th, 1951, which established a sinking fund to provide for payment of waterworks bonds; providing that all funds on deposit in the accounts established under said ordinances may be transferred to and deposited in such account or accounts as the City Commission may designate by resolution duly passed and adopted; declaring an emergency to exist:

Be it ordained by the City Commision of the City of Belle Glade, Florida, THAT:

SECTION 1.

Ordinance No. 612 of the City of Belle Glade, Florida, passed on the 13th day of August, 1944, which provided for the establishment of a trust fund for depreciation on waterworks buildings was passed upon second and final reading at regular session of the City Commisison by four or more affirmative votes on the 11th day of July, 1956, and a copy in full hereof posted on City Hall Bulletin Board.
Pub.: July 13, 1956.

CONTINUED GROWTH
(Continued from Page One)

$12,000 increase; Sheriff's cost bills, $14,000; Department Public Safety, $9,000; Constables cost bills, $17,000, and the largest increase in this account, a total of $26,000 for feeding prisoners.

The budget spans the year from October 1, 1956 to September 30, 1957. The tentative budget will be advertised for adoption July 23rd.

PICKING UP DROPPED
(Continued from Page One)

destroyed, Steiner says, but green or ripening fruit should be left on the trees. Such fruit should be left to ripen on the trees, because it serves as a "trap" to hold any Medfly infestation in the area and thus prevent them from scattering to new areas in search of a host.

Steiner believes that good public cooperation in the destruction of dropped fruit would significantly reduce the time and the cost of the Medfly eradication program.

In Southeastern Alaska the Indians quickly took to the "superior" ways of the early white settlers. Eventually some of them forsook their canoes to construct the first steamer ever built by northern Indians. When it was completed many friends were invited to witness the first trip. The great moment came and three long blasts were blown on the whistle, but the steamer wouldn't move. In their child-like enthusiasm they had made the whistle so big and so much steam was used in blowing it that there was not enough steam left to move the boat. The white man's church is sometimes like that — too much whistle, too little work.

—W .C. Fields.

CLAUDE L. SHIRLEY

FHA Girl Attends Nat'n'l Convention

Miss Frances Fontaine, daughter of Mr. and Mrs. Charles Fontaine was among the Florida delegation of thirty-two girls to attend the National Future Homemakers of America convention in Chicago, June 30th through July 7th.

Frances flew on a Silver Falcon from WPB to Tallahassee where she joined the other girls. While in the state's capitol, she visited the governor's mansion and Florida State University. The girls left the next morning on a chartered Greyhound bus for Chicago. They stopped at scenic spots in several states while they were en route. They arrived in the Windy City on June 2, and stayed in the world's largest hotel, the Conrad Hilton. They had the opportunity to meet girls from all over the U. S., Puerto Rico, Guam, and Hawaii. Frances says "It isn't the Southerners who have accents. It's those Yankees and people from Texas."

In all, there were 2,500 girls who attended general FHA sessions, and at the banquet, the Hawaiian delegation gave all of them orchids. Guest speakers at the banquet were the FFA and FHA National presidents, the Student Council national president, and the 4-H national president.

On July 4th they watched a fireworks demonstration from the tower of the Conrad Hilton. Then they went to the Empire Room of the Palmer House to see the Crew Cuts, and most of them got autographs. Also during their stay the girls toured the city seeing the Merchandise Mart, the Wrigley Building, Skid Row, and a number of foreign settlements, and shopping at Marshall Fields.

Also visited was the Breakfast Club where Peter Donald was the M. C. The girls again got autographs of several celebraties. Then, there was a visit to the Boulevard Room of the Conrad Hilton, where they say a fabulous ice show.

More of Frances' comments are "Although Florida had a small delegation compared to some of the states, we let them know we were there. We didn't hear a thing from California after we decorated the banquet table with favorites from Florida. It would take me hours to tell the things I learned from the general FHA sessions."

Arnette Services Held Wednesday

Graveside services for Richard Frank Arnette, 52, who died at Belle Glade Memorial Hospital early Monday morning following a heart attack, were held at Port Mayaca Cemetery Wednesday morning at 10:00 a. m. The Rev. U. W. Malcolm, pastor of the First Baptist Church, Belle Glade officiated.

A native of Georgia, Mr. Arnette came to Osceola Center from Jacksonville about ten years ago. He worked with the maintenance crew at the center where he had been employed for two months at the time of his death and formerly was an employee of Okeelanta Sugar Corp.

Survivors include a brother, Thomas E. Arnette, Mayaca City, and two sisters, Mrs. Maude Winestien and Mrs. S. G. Cooper both of California.

Wetherington Funeral Home was in charge of arrangements.

Post 20 Officers At Legion Session

Commander Davis Kicklighter, and J. B. Jones, Finance Officer of American Legion Post 20, accompanied by Mrs. Kicklighter, president of the Legion Auxiliary were among the 300 attending the Southern Area, American Legion conference, school of instruction at Davie Sunday.

The conference held in the Chamber of Commerce building and the Woman's Club was the largest ever held in the Southern area, according to Vic Wilde, Hialeah, vice commander, Southern area, who presided. Mrs. Helen Leaming, Miami, Dept. Auxiliary vice president of Southern area presided over the Auxiliary sessions.

Davie Post 223 and its auxiliary were hosts to the conference and served a barbecue chicken dinner at 12 p. m., followed by a loud sports shirt contest for the men and another for the craziest hillbilly costume for women. Commander Davis was runner-up in the shirt contest with a vari colored patch work shirt, made by Kathryn Swain.

Comdr. Wilde was assisted by 9th District Comdr. Meade and 10th District Comdr. Dick Helken, Cocoanut Grove in the conference.

Many other top American Legion Brass were present.

McKees Winners In Bowling Jamboree

Local bowlers were among the winners in the Fourth of July Bowling Jamboree, held 1-8 at the Carefree Center in West Palm Beach.

Jerry McKee and J. Q. Henry won first in doubles rolling 1227, and Evelyn and Jerry McKee bowled a 1235 to win third place in the mixed doubles.

Mrs. C. S. Clemans' Father Dies In N. J.

William L. Reed, 82, father of Mrs. C. S. Clemans of 701 S. E. Ave. F., died at Pleasantville, N. J. Monday at 11:00 p. m. Mr. Reed who had many friends in Belle Glade when he visited here, had suffered from a heart condition. His daughter who had gone to be with him during his illness had returned home last week.

Fifty Top PO's Due For Purdue Course

Washington — Fifty outstanding petty officers will be chosen soon from about 1000 applications for a two-year course at Purdue University, the Navy has announced. They'll enter Purdue in September under the Navy Enlisted Advanced School Program, a program which offers college education to topnotch petty officers in 17 technical ratings.

In August the 50 Pos will report to the Naval Preparatory School in Bainbridge, Maryland, where they will get special instruction in mathematics and general orientation.

At the end of their two-year study, the 50 POs will return to the fleet for a four-year tour. They'll get a crack at another two years of college training at the end of their sea duty.

PB County Sales Tax High, Broward's Higher

According to report by State Comptroller Green Palm Beach County had a 17% increase of sales tax for June of '56 over the same period of '55.

Broward County's increase was almost 50% for the same period.

What's Broward got that we haven't?

SWEAT BOXES AND LEG

(Continued from Page One)

box.

At the morning check-up the prisoner in question was reported by the guard as being thick-tongued and apparently under the influence of "buck", the designation of a concoction of m a n y possible ingredients; prunes, sugar, rice, corn meal, or other available ingredients.

At the morning check-up the

As a second term inmate and with a previous record of indulging in binges, the prisoner was ordered to the sweat-box. There were three or four other temporary occupants of boxes near-by and they report that the prisoner in question continuously insisted that he was sick and hurting, although the guards report he would not tell them what he had to drink, nor where he got it, before he was put in the box.

After he was found dead in the box, during the night, his personal belongings were searched and a small bottle was found containing a pungent clear liquid. An autopsy, which included analysis by the FBI laboratory showed denatured alcohol in his stomach, it is reported. Denatured alcohol is widely known as most effective in shortening life.

The theory is advanced by non-medical students that had his stomach been pumped out his life might have been saved. Making "buck" in prisons is not a thing peculiar to the local institution; its a challenge to the ingenuity and idle moments of the prisoners and is a relief to the appetite of some. Evidences of "buck" cause search to discover the source of the ingredients.

All white prisoners at the local institution are "trusties", and have more freedom.

Conversation with prisoners, uncensored, brings out a fact that is very important, The young and "unconfirmed" criminal could be handled separately in the Florida System to their own betterment. This, however, is a matter for the legislature to consider when that opportunity comes to them.

The food at any prison does not afford a latitude of selection by the "customers" but the local farm uses a majority of home-grown items and should, therefore, be above the average. More of that next week, in THE HERALD.

NEGRO NEWS

LAKE SHORE ATHLETIC COUNCIL

The LSAC held its regular meeting Tuesday night, June 26. At this meeting, reports of the drive were given, and additional plans were made to carry the drive to a successful end. But, it must be remembered that without 100 per cent help from everyone, this means all citizens, the drive cannot be successful. So, the Council is calling on you to do your bit to erect lights on our athletic field. This is essential, as the lights are needed on the field, You m a y not be able to do as much as others, but please do whatever you can. It will help so much.

The Council has planned a special week in this month when all efforts will be turned toward the drive. July 15-23 has been designated as "Big Light Week". Please have your contribution ready, a worker will be around to see you. Regardless, how big or small, your contribution can help erect lights on the field.

Working together, we can carry this drive to a successful end. That means raising $5,000, our goal. We know you will want the drive to end successfully, all of us do. Let's make it successful.

Summer Program

The Lake Shore Center has an enrollment of 212 children. The program is provided to enrich the lives of our boys and girls. Parents send your children to the Center. It is open daily except Saturday and Sunday from 8:00 to 5:00. Music, art and handicraft, sports and games are offered. Through these our boys and girls learn to use leisure time wisely. In addition, a chance for participation in good clean fun is provided. These are so important in the lives of our youths.

Our softball team has played four games, and has won two of them. Some of the children are making lamps from driftwood and other material, some are drawing, still others are making dollies.

PULL THE PLUG ON STOMACH UPSET

Half-alive, headachy, when constipation sours stomach? Black-Draught* relieves constipation overnight. Helps sweeten sour stomach too.

Laxative-Stomach Sweetener Works Overnight!

No harsh griping. Made from pure vegetable herbs. Thoroughly but gently uncorks clogged intestines. Brings comforting relief in morning. Then life looks sunny again! Get Black-Draught today.

*In Powder or Granulated form . . . and now in new, easy-to-take Tablets, too!

FOR CHILDREN When constipation sours children's digestion and disposition, get Syrup of Black-Draught. They love this honey-sweet liquid!

IN MOTOR TRANSPORT GMC LEADS THE WAY

GMC
Your key to Blue Chip value

Now—GMC gives you a bonus of up to 3 gallons in every tankful!

Talk about low-cost GMC ownership! With its new high-ratio cruising axle, a Blue Chip GMC pickup now gives you up to 17.8% better gas mileage. That's 3 gallons' worth of bonus miles in every filling!

And you get far better road speeds, too, from an easy-stroking, unstrained engine. In short, from a mere $10.50 axle option, GMC now gives you the advantages of a $125 overdrive.

Add this new gas-stretching ability to the super-efficiency of a GMC 180 hp V8 engine—to the moneysaving advantages of Hydra-Matic Drive*—and an important fact is clear:

The operation and maintenance savings of Blue Chip features can bring the over-all cost of a half-ton GMC down to the level of—*or below*—the cheapest stripped-model truck on the market.

Of course, you'd always have preferred a Blue Chip GMC to any other truck. But now—with *cost* so strongly in its favor—there's no need to step down. Come in and tell us what colors you want on *your* GMC.

*Optional at moderate extra cost

See us, too, for Triple-Checked used trucks

The Teen-Lite

Youth and Their Activities

by FRANCES SLOAN

Hi gang! Wondering what this is all about? Well we're starting a new colum here at the HERALD. That is if you'll approve and give it the "go" signal. Read on down and let us know what you think and if you like it. Your comments will be welcomed by telephone, WY 6-2056, by mail, P. O. Box 68, or by personal contact with any one of us here at the HERALD. Here goes!

First off, there was a huge crowd of kids at the **Elks Teen-Center** last Friday night, approximately 253 who had a wonderful time. Ages ranged from about 12 to 21, and I didn't see one person who wasn't having a good time. There were slow dances and bop with silver dollars won by top boppers Jerry McKee and Paula Parson. Then the **Everglades Ramblers,** a string band composed of local boys, played several square dances which everyone worked up a sweat over. (Literally, too!)

You know, the younger set is really getting out and in the swing of things early. I saw one little boy, Jack McCaskill, who really had that bop down pat. He was terrific! Between dances, (if they had time) the kids could play pool, and cards, drink Cokes and gab.

Mary Matthewson and Linda Lutz did a real cute pantomime to "Dance With Me Henry." There were a lot of parents there too, who took a real interest in what was going on, and they had just about as much fun as the kids had.

Interesting faces present were Faith Brown of WPB, a former Pahokee party thrower, Pat Smith and Meda Wiser, two new Belle Gladians who will attend BGHS next year, servicemen Paul Miller and Ervin McTaggart, Ronnie Marlowe who's been away several years attending Hargrave Military Academy, and a girl friend, Bonnie Sparks, Mrs. J. C. Abbott's sister. Hats off to the Elks Teen-Center and the parents who helped out!

Chaperones were Mrs. C. E. Lutz, Mrs. Jack Matthewson, Mrs. Gerold McKee, Mrs. Ted Roman, Mrs. P. C. Kirchman, and Mrs. George Goforth. Elks sponsors were L. G. Berryhill, Gerold McKee, and F. C. Schoenfeld. Thanks are extended also to the Kirchman Co., who supplied gas for bringing some of the Ramblers down from Okeechobee, to the Lion's for their P. A. system and to the Parrish Bros. for the silver dollars.

Have you been over to the park lately? I hear it's quite a **center of activity,** what with swimming classes, tennis games, and etc. Of course, we working people aren't free to play too much. Speaking of work, several high school students have **summer jobs.** Carolyn Miller jerks sodas at Sullivan's and down the street, Dot Irvin does the same in Lutz's. Don Tanner is working with Aunapu Electric and Jean Rives at the Lake Drive-In. Betty Phillips and Leoda Throop are both telepohne operators now and David Morris works (?) in his dad's store in Oceola Center. Judy Farmer and Arlyce Bedsole can usually be seen dusting counters in Forrest's. So much for the road gang, let's get on to the lucky ones who just loaf.

Jeanne Willits just returned from **Puerto Rico** on a CAP tour. Leo James is at National Guard Camp and Jerry Edwards just returned from a visit to his aunt and uncle's, Mr. and Mrs. C. C. McCuary, in Florence, S. C. Karin Allison and Jo Margaret Parson are visiting Karin's sister, Gail, at the U of F this week. Faye Herring just returned from a visit to her brother's in Tampa, and is off for Alabama next week. Jeanette Friedheim is a counsellor at Good Counsel camp near Inverness, Fla., while sister Esther, has a like job at Girl Scout Camp near Tampa.

Several college kids are home for the summer, among them are Liska Humphries from Furman, Barbara Wedgworth from Southern, Winnifred Burry, and Ronald and Franklyn Jones from U of F, and Cherry Corbin and Junior Collins from FSU. And oh yes, Larry Nash is home from St. Leo Prep School.

Yes, some are home but some are still there. A few have started college for the first time, this summer. Janie Steele left for Charron Wililams Business College in Miami, Sunday. Louise Stroble is at Bell Isles Business College in WPB and Johnny Miller at Southern. John Thompson followed his big brother back to the U of F.

Do you know what time it is? It's almost summertime! And for thousands of lucky Civil Air Patrol Cadets that means an opportunity to spend about two weeks at an Air Force Base . . . to visit behind the scenes at an official installation, and participate in the many activtiies there. The summer encampment is only one of the many interesting Cadet programs in the Civil Air Patrol! For more information contact your local CAP Squadron at the Belle Glade Airport or write Capt. B. E. Weeks, CAP, P. O. Box 364. (Copied).

Billy Miller and Harold Royals will return tomorrow from the FFA State Forestry Camp near Lake City.

Well, the Girl Staters, Alma Ann McClure and Jeanne Crews have returned with a vast knowledge of governmental functions. "I know all about government now," says Alma Ann, "It's simple." Any of you city officials having problems, be sure to call on her. She'll be glad to help you out.

Say, didja know Dorothy Irvin has an airplane? All her own, too, and she flies it! Quite an accomplishment for a seventeen year old girl, isn't it?

There's another new girl in town, too. Marlene Nonn, the niece of the Edward Browning's. Too bad boys, she's already going steady.

Frances Fontaine just returned fro mher Future Homemaker trip to Chicago. Wonder if she's ready for matrimony.

Hillsboro Plantation Road Repair Stymied

Through an amendment slipped in by the State Road Department the road from Six-Mile Bend to the Hillsboro Plantation is one of 2250 miles of roadway not eligible for maintenance.

Senator Tapper of the legislative council committee has called hearings in Tallahassee on July 25-26 to hear Chambers of Commerce, auto associations and others who object to the present law.

He pointed out that the Senate bill he introduced on behalf of the legislative council provided four cents of the gasoline tax could be spent for maintenance of state highways and park road systems.

Tapper said the road department wrote a number of amendments which were adopted by the House. One of these changed the maintenance section to provide 4-cent money for the state primary roads and park road system.

When the bill was returned to the Senate, Tapper said the insertion of the word "primary" was overlooked; as a result, the counties are now faced with the maintenance problem.

THE BOSSMAN SAYS:

Here's our parting shot from Comdr. H. N. Kirkman of the Florida Highway Patrol: "Drive in haste — repent in a hospital."

Stop pain of piles today at home —or money back!

In doctor's tests, amazing new Stainless Pazo* instantly relieved piles' torture! Gave internal and external relief! 6 medically-proved ingredients including Triolyte, relieve pain, itching *instantly!* Reduce swelling. Promote healing. You sit, walk in comfort! Be happy...
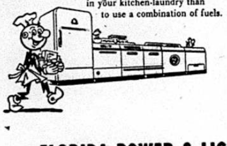
go 'lectric!



A tip to budget balancers:
It's cheaper to go all-electric in your kitchen-laundry than to use a combination of fuels.

Cookin's a breeze...and cool as a breeze... with a modern electric range! So much cleaner ...and safer, too! It makes sense to go all-modern by going all-electric in your kitchen.

- COOL...doesn't heat up the house!
- White-glove CLEAN...no soot or muss!
- SAFE as electric light...and just as economical!

CHURCHES

Largest Group At Baptist Assembly

The First Baptist Church of Belle Glade had the largest group from any one church, representing them at the Florida Baptist East Coast Assembly, in Ft. Pierce, during the past two weeks. The sixteen young ladies are listed as follows: Sanudra and Karin Gove, Carol and Mary Goforth, Bobbette Bently, Carolyn Markham, Martha Faye Davidson, Donna Mae Armstrong, Mary Ann Tillery, Janice Cole, Mary Belle Schlechter, Ouida Lanier, Molly Forsee, Susan Clarke, Marian Browne, and Yvonne McTaggart. The group was accompanied by Mrs. S. M. McAllister and Wendell Carpenter, music and educational director of the local church.

There was a variety of activities at the assembly and the group enjoyed their stay at the Ft. Pierce Hotel very much. Classes centered around missions, and church organizations, and the young people discussed freely, in organized groups, their social problems. They also had the opportunity to take instruction in voice or piano with an emphasis on general choir work.

Recreation for them consisted of swimming several afternoons at the beach, ping pong, shuffle board, movies, and just good old "gab" sessions, which they enjoyed very much. Recreation highspots were the two talent shows in which several of the young people participated, including local pianist, Ouida Lanier.

Outstanding denominational speakers were Dr. Lloyd Folsum of the Miami Shores church, the Morning Watch speaker, and Dr. Warren Huyck, of the First Church of West Palm Beach, the evening Bible speaker. John Rogers of the Central Baptist Church of Miami was the musical director.

Six of the local girls dedicated their lives to full-time Christian vocations while attending the assembly. They were Mary Belle Schlechter, Carolyn Markham, Yvonne McTaggart, Carol Goforth and Molly Forsee.

Circle 3 met at the home of Mrs. Betty Lutz on E. Lake Road Tuesday morning. Mrs. Mrs. Irvin Zumpf gave the devotional and the "to talk about" on Christian Citizenship. Mrs. Clara Gledhill gave the Bible Study. Eight members attended.

CHURCHES OF CHRIST SCIENTIST

How spiritual understanding of God as divine Life brings increased strength and usefulness will be brought out at Christian Science services this Sunday.

Scriptural readings in the Lesson-Sermon on "Life" will include the following from Psalms (66: 8, 9): "O bless our God ye people, and make the voice of his praise to be heard: Which holdest our soul in life, and suffereth not our feet to be moved."

Among the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (487:27): "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality."

The Golden Text is from John (5:26): "As the Father hath life in himself; so hath he given to the Son to have life in himself."

First Anniversary Celebration Slated

The congregation of the Church of St. John the Apostle, Belle Glade, will celebrate its first anniversary in the new Church building with special thanksgiving Tuesday, July 17, the Rev. Walter G. Martin, deacon-in-charge, announced.

Fr. Martin said that the Reverend Father Petrie, vicar, will celebrate the Holy Eucharist at 7:30 o'clock that morning. Communicants of the Episcopal Church in neighboring communities are asked to join with the St. John's congregation in partaking of Christ's Body and Blood with special intentions for the Belle Glade mission and in thanksgiving for God's blessings during the past year.

At 7:30 p. m. Tuesday there will be a service of Evening Prayer at the Church with sermon by the Rev. James Stirling, rector of Holy Trinity Episcopal Church, West Palm Beach. Fr. Stirling is known throughout the Diocese of South Florida as an energetic Priest and a dynamic preacher, Fr. Martin said, Friends of the Church are invited to join with the congregation of St. John's at this service.

Jerry Burry To Speak At Evening Service; Install MYF Officers

Jerry Burry, Youth Director at the Community Methodist Church will have charge of installation of officers of the Intermediate and Senior Methodist Youth Fellowship at the evening service Sunday night.

The MYF Choir will also sing. Mr. Burry will be speaker for the service and has chosen as his topic, "In the Thick of the Thin of Things"

Intermediate Youths attending the Methodist Youth Camp at Leesburg this week are Patricia Anderson, Jane Betts, Peggy and Penny Carlton, Gloria Smith, Cathy White, Terry Tucker, Karen Vadasz, Linda Close, Russell Burry, Douglas Thompson, and Stuart Boots.

Mrs. Gloria Smith accompanied by Mrs. H. O. Carlton and Mrs. Frank C. Anderson transported a carload on Monday also Fred White, Herman Close took cars. Saturday the group will return. Mr. and Mrs. Russell Tucker, and Mrs. and Alfred Vadasz are among those who will bring the students home.

Willing Workers To Sponsor Supper

The Ladies Willing Workers Band of the local Church of God on S. E. Ave. E. and 3rd St., will sponsor a fried chicken supper Saturday night at the church annex. Serving will begin at 5 p. m.

Those that wish to have plate delivered to their home may call WY 6-2932 or for reservations Donation is $1.25.

TODAY'S meditation
from
The Upper Room
© THE UPPER ROOM NASHVILLE, TENNESSEE
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Isaiah 40:28-31 or James 1-1-8

Wait on the Lord: be of good courage, and he shall strengthen thine heart: wait, I say, on the Lord. (Psalm 27:14.)

When I was a child, my parents took me eighty miles from home to visit relatives. The journey required half a day. We traveled thirty miles to a little junction, and waited for a train on the main line. Then we rode ten miles farther to the city. There we waited an hour and a half for aonther train. We reached our destination late in the afternoon.

As I look back upon it, such waiting was good for us. It disciplined us in patience. We had time to read, time to meditate, time to pray. God had a chance to make Himself heard. When God delays answering our prayers, we wonder why. This attitude is due in large part to the strenuous lives we lead.

Now, as in other days, He desires to speak to everyone of us. We cannot estimate the imporantce of waiting on the Lord that He may strengthen us in every good work.

PRAYER

We thank Thee, Lord, that Thou art willing to manifest Thyself to us, and to offer Thy guiding help, as in the days of the prophets. Give us ears to hear Thee and the will to follow Thee. We ask in the Master's name. Amen.

THOUGHT FOR THE DAY

"Let patience have her perfect work, that ye may be perfect and entire, wanting nothing."

Lynn E. Chapel (Michigan)

News Of First Baptist Church

The church welcomed back Mr. and Mrs. Malcolm this past Sunday. Visiting with the Malcolms is Miss Dorcas Hill of Ardmore, Oklahoma. Rev. and Mrs. Malcolm report a restful vacation and a wonderful spirit at the South Baptist Convention.

Sunday night the Lord's Supper was observed by the congregation. Also Mr. and Mrs. Jas. B. Hendry moved their church letter from South Bay. Afterwards the church members welcomed them into the church family.

The Young People who attended The Florida East Coast Assembly were in charge of the Prayer service last Wednesday night. Those taking part were: Molly Forsee, Marybelle Schlechter, Sandra Gove, Ouida Lanier, and Martha Faye Davidson. Leonard Higbee and Walter Schlechter, Jr. gave a brief report on the Ridgecrest Music Conference.

Important church dates in the near future are: Vacation Bible School August 20-29 and Inspirational and Get-Acqpainted Week Sept. 23-30.

The young people will begin again this Sunday night as organists. Miss Susan Clarke will play this Sunday night. The next few Sunday nights will be Martha Faye Davidson, Leonard Higbee, and Linda Evans.

WMU Circles Meet

Two Circles of the Woman's Missionary Union of the First Baptist Church met Tuesday evening. The Hannah Scoggin Circle met at the home of Mrs. Gladys Jones. Mrs. Carl Hayes presided over the business session. Others present were Mrs. Nellie McMillan, Mrs. Clyde Parrish, and Mrs. Marvin Unwin.

Mrs. Junius Harris was hostess to the Glady Smith Circle. The program on "Church Stewardship" was discussed. Announcement was made of the project of the month to take food to a shut in.

Mrs. Jack Little appointed a nominating committee of three, Mrs. Edwin Rice, Mrs. Junius Harris and Mrs. F. C. Markham. Others present were Mrs. Barney Collier, Mrs. Paul Higby, Mrs. Luther Jones and a visitor, Mrs. J. B. Hendry.

The Ila Darden Circle postponed their meeting.

Pahokee Baptist Hear 3rd Message In Series

"The Second Coming of Christ," will be the pastor's morning sermon topic at the First Baptist Church of Pahokee, Sunday. At the evening hour he will bring the third in a series of messages on "What God Hath Joined Together." This Sunday evening the sermon topic will be "On Choosing A Wife."

You are invited to worship with us and also to attend Sunday School and Training Union, this Sunday.

Monday evening the Association Executive Committee meets at Canal Point at 7:00 P. M. and the Association Sunday School meeting follows at 8:00.

Tuesday and Wednesday several of our people will be going to Ridgecrest for the Training Union Week. Amnog those going are Mrs. E. B. Gamble, Mrs. Jane Plumer, Rev. James E. Boyd, Rusty Hall, Glen Blanton, and Donald Thompson. Also Miss Billy Nell Stokes of Canal Point.

Students At Camp

Joan Fortenberry, Ronnie Halbrook, Steve Halbrook, Chappey Young and also Anita Parrish of Clewiston have returned from summer camp at Florida Christian College in Tampa. The camp is sponsored by the Church of Christ.

Linda Lively, Margo Averill, Margaret Townsend and Gladys and Nornie Dalrymple are attending summer camp at Camp St Mary, Avon Park for 10 days. The children are members of St. John the Apostle Episcopal Church.

New Presbyterians Will Be Welcomed

A special welcome will be extended to forty-eight new members received during the past year at the Sunday morning services at the Everglades Presbyterian Church. The 51 charter members will also be recognized.

Following the service there will be a covered dish dinner on the church lawn. The men of the church will furnish drinks and cold watermelons.

Dr. J. Leighton Scott, pastor, will speak at the morning service on "A Great Faith", and at the evening service his topic will be, "A Friend of Jesus".

A chicken embryo, after 24 hours of incubation, may survive almost freezing temperatures for a period of up to 76 hours. There is less damage to the embryo if the egg is cooled slowly.

Mr. and Mrs. Clayton Waters and daughter, Penny, and Mrs. Mary McCarson are spending a few days at Fort Myers Beach.

J. T. Hodges Rites Held In Alabama

Joe Hodges accompanied by son, Harvey, have returned from Albama where they were called by the death of Mr. Hodges' father, T. J. Hodges, 78, who died of a heart attack after being ill for about three weeks.

He passed away last Wednesday at the local hospital in Troy, Ala. and burial was held at Springhill, Ala on Thursday.

There's Disagreement Over Who Bosses The County Crime Bureau!

The County Commission Monday reaffirmed its stand that the $50,000 appropriation for a planned county-wide crime investigation bureau not be released "until we receive a unanimous request for such a bureau by the sheriff, County Solicitor and State Attorney", Chairman Paul Rardin said.

Rardin emphasized at the meeting that "I just want to make sure we won't give this appropriation out until we do receive a unanimous request — otherwise I would be against it."

The board has already met with State Attorney Phil O'Connell, County Solicitor Charles Nugent and Sheriff John Kirk to discuss such a bureau to be used by all county agencies.

At that meeting, Sheriff John Kirk voiced opposition to creation of a bureau outside of the sheriff's office, saying "I'm against any bureau not under the sheriff's office." He added that "we have the best crmie bureau in the world available to us at Washington (the FBI) and we can also use Dade County's crime bureau."

Solicitor Nugent, in disagreeing with Sheriff Kirk, said "time is a big element in solving crimes and gathering evidence. In the short time I've been in the solicitor's office I've seen the need for trained personnel."

The three officials are presumably now in the process of trying to reach a unanimous plan for a county-wide crime bureau. State Atty. O'Connell was named as chairman of the three-man committee, but as yet no request has been brought before the commission.

Hobby Show Today Is Special Event

"A Hobby Show" will be staged this afternoon at 3 o'clock at the Municipal Park. This is the special event this week in the Summer Recreation Program and is expected to draw a large number of contestants. The special events have attracted many entries thus far, but not many of the mothers have attended.

This week a special invitation is extended so that mothers may see how the youngsters are enjoying the recreation activities and the events and shows each week.

Dolls! thirty of them were entered in the doll show, which was the special event last week. The dolls were displayed at the Girl Scout Hut at 3 p. m. Friday afternoon.

Decisions were hard to make with so many pretty, small, large, old, baby dolls and bride dolls but after much deliberation the following were chosen in groups in which they belonged.

Largest — 1. Sue Caldwell, 2. Brenda Prevatt, 3. Florence Gilsson; **Smallest** — 1. Beverly Kirkland, 2. Brenda Prevatt, 3. Sandra Glisson; **Prettiest** — 1. Jeanie Nestor, 2. Gerhea Tatum, 3. Patsy Wilkinson; **Oldest** — 1. Sharon Amedee, 2. Sharon Bair, 3. Carolyn Dean. **Most Unusual** — 1. Francie Ball, 2. Deborah Wedgworth, 3. Nancy Rashley; **Most Original**— 1. Georgia Crews, 2. Shirley Motes, 3. Catherine Smith; **Cutest** — 1. Arlene Whitehurst, 2. Marie Artiz, 3. Roxyan Caldwell.

One of the highlights of Wednesday, July 4, was the bubble gum contest which provided entertainment for the spectators as well as the contestants. Tommy Simmons won first prize for blowing the largest bubble, which consisted of five pieces of bubble gum. Wee Willie Williams was second and Coach Jim Maynard didn't prove quite as apt at this feat as the youngsters, the bubbles bursted.

Coach Ouellette announces beginners in swimming will be taken to the Pahokee pool every morning at 10:15 instead of as formerly twice a day.

Bill Nicholson has started arts and crafts from 9 to 10:30 a. m. in the Park Shelter. He will teach the youngsters to also make kites, trash baskets from cans, pot holders and drawing and coloring.

Coach Maynor is doing well with his golf class twice a week at the Municipal Golf course where Pro Eddie Chancey is showing the students the fundamentals of golf. Those taking the lessons are Beverly Kirkland, Pat Wilkinson, Tommy and Linda Close, Jane Kirchman, Saudra Draa, Larry Peacock, Jack McCaskill, Jr., Sharon Bair, Gloria Smith, Peggy and Penny Carlton, Kay Cross, Judy Amedee, and Jimmy Leigh Mills.

Functions Of State Government Told By Local Girl Staters

Misses Alma Ann McClure and Jeanne Crews returned this week from the 1956 session of the Girls State, in Tallahassee. The local girls' expenses were paid for by the American Legion Auxiliary and they were accompanied by committee woman, Mrs. Sylvia Jones.

Arriving on Saturday afternoon, they were welcomed at a reception by the director of Girls State, the president of Florida State University, where they stayed, and the mayor of the city.

Their instruction and lectures included city and county government, city management, state offices, the passing of bills and legislature sessions. The girls actually set up and ran their own state government for seevarl days. They elected city, county and state officers, had a division of the parties, nominating speeches and political rallies before the state elections. They held legislature sessions and used the actual voting machines for their elections.

They visited the capitol where they were greeted by the state cabinet members and held the they had the privilege of visiting Governor Collins' home and meeting him.
inauguration of their governor. Alos visited was the state supreme court and library. Then,

Recreation included a picnic at Silver Lake, watching real Spanish dancers, a dinner honoring the Girls State governor, and a movie. The last night was designated as "stunt night," with each city as a group participating.

The girls had a very exciting and profitable week, where they learned a great deal about governmental policies. Both girls were elected to offices of high standing, during their stay.

County Gets $97,545 From May Gas Tax!

This county will receive from the two cent gas tax a total of $97,545 for collections made during the month of May.

There is a 12% increase over the same month last year.

It's only July- so why miss the fun?
(It's a great time to buy a Buick!)

In all truth — when *would* be a better time to buy your new Buick than right now?

When else could you drive home a better bargain—with your present car now worth more than it ever will be again — and while Buick prices are within easier reach of more people than ever before?

And when else will there be better weather—more hours in the day—more places to go—more sports in season?

So you get the most good, and the most car *right now* in a new Buick . . .

Because the new Buick you boss today is far and away the best Buick yet . . .

Because it's styled to the minute—rides like a dream—has all the boundless power of a big 322-cubic-inch V8 engine that revels in running . . .

And above all, because it has Variable Pitch Dynaflow* to perform its pace-making magic with a smoothness matched nowhere else on wheels.

So why waste time?

Come see what wonderful sense it makes to buy in July —and what a whale of a deal we can make you right now.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Who's Who in the Glades Area

THIS SECTION DEALING WITH OUTSTANDING CITIZENS OF THE GLADES AREA IS AN ATTEMPT TO SET DOWN IN PRINT THE POSITION THESE CITIZENS OCCUPY IN THE EYES OF THEIR NEIGHBORS. NO ONE WROTE OF HIMSELF IN THIS SECTION. THE MATERIAL WAS GATHERED BY BOB AND BILL BULLARD, TWO SOUTH FLORIDA NEWSPAPERMEN NOW IN THIS AREA WHO SERVE 71 DIFFERENT NEWSPAPERS IN FLORIDA WITH THIS ENTERTAINING AND ENLIGHTENING FEATURE.

"SLIM" CORBIN

To give credit where credit is due to progressive business people who contribute their time and energy to all civic projects and who ever strive to improve their business is the purpose of this review. Therefore, we would be censored if we failed to include "Slim" Corbin of Slim's Fish Camp on State Highway 717, West of Belle Glade on Torrey Island.

"Slim" has set a standard for the operation of his Fish Camp that includes the latest ideas to better the service to his customers. He is enjoying an ever increasing business which is due, we believe, to his attention to small details and his ability to cope with new and unexpected problems. "Slim" Corbin is civic minded and is usually among the first to volunteer for any project promising to benefit the Belle Glade area.

"Slim's" Fish Camp has earned the respect of his many friends and customers throughout the county, and we are looking forward to his serving the people of this section for many more years to come.

MORT M. SABISTON

To serve the public honestly, efficiently and cheerfully is the basic foundation many progressive businessmen of Belle Glade have found to be the shortest route to success.

In making this statement, one of the men we have in mind is Mr. Mort M. Sabiston of Hector Supply Co., at 740 N. W. Ave. G.

The popularity and patronage enjoyed by this business accentuates the ideals of courtesy and good merchandise which he has consistently applied in the management of the business.

The conduct of such business has done much to make the town folks happy and make them continue their patronage year after year, and it is fitting that we give credit where credit is due to such people as Mr. Sabiston for his part in the onward progress of the city. In doing so we are merely putting into words the opinion of those who know him.

Mort has earned his success by the method in which he has accepted both civic and business responsibilities, and we trust that he and Hector Supply Co. will continue to prosper.

Quick Relief of PAIN
Ease PAINS of HEADACHE, NEURALGIA, NEURITIS with STANBACK TABLETS or POWDERS. STANBACK is not a one ingredient formula . . . STANBACK combines several medically proven pain relievers into one Easy to take dose. . . . The added effectiveness of these MULTIPLE ingredients brings faster, more complete relief, easing anxiety and tension usually accompanying pain . . .
Test STANBACK Against Any Preparation You've Ever Used
Snap Back with STANBACK

WES JONES

In singling out some of the more progressive business and professional men of Belle Glade and vicinity, we would be censured should we fail to include Mr. Wes Jones of Glades Dry Cleaners at 316 S. W. Ave. B.

Mr. Jones has always been conscious of his civic responsibilities and ever ready and willing to meet in every detail those opportunities which come to his attention to further civic enterprise. He is also a firm believer in trading at home where you can get better service and keep your money at home. He may well be proud of his achievement along these lines.

Wes Jones deserves a great deal of credit for the honest and successful manner in which he has conducted his affairs. He is a friendly and likeable personality, whose sincere desire to be of service has gained for him a host of friends and customers in and around Belle Glade who would, if given the opportunity, join us in wishing him many more years of continued success.

SHELLY CONNELL

It is appropriate that we include in this review of progressive business men Mr. Shelly Connell of Shelly Connel's Wholesale Beverages, The Miller High Life and Regal Distributor at 708 N. W. 12th.

Aside from his business activities Mr. Connell has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by contributions to many projects which have benefited Belle Glade and the surrounding trade area. He is a good loyal citizen, and the full measure of his loyalty is most apparent because of his willingness to aid community activities.

His help along these lines has made Shelly Connell an example of the type of man we all appreciate. We congratulate and extend to him on behalf of all citizens interested in better business and civic progress, sincere appreciation for contributions to the general welfare of Belle Glade and vicinity.

O. R. BLEECH

People of this section are fortunate to have an insurance agency in their midst with which they can deal with confidence and, as company records will prove Mr. O. R. Bleech of Bratley-Bleech Insurance, at 205 S. W. 1st., has been a "real friend" to many in Belle Glade.

His background proves that he is equipped for a long term career rather than for quick sales and is as interested in the customer's future business as in today's sales. Mr. Bleech's business policies have made him known as an upstanding citizen of the community and his attitude toward Belle Glade's future has made him known as a person willing to give to, as well as earn a living from, his city. He has never refused to do his part in civic and charitable drives.

With insurance the most widely used form of financial protection, it becomes more and more important for a city to have a firm offering its citizens wise councelors instead of fast-talking sales hounds and Bratley-Bleech Insurance, with Mr. Bleech supervising its operation, more than fulfills its obligation to the community.

BILL YOUNG

To become generally accepted as one of those progressive business men of Belle Glade who can always be counted on to recognize his duty to the home community, and one who will readily back up his sense of duty by active participation in or the support of worthwhile civic movements is an honor that can be proudly borne.

Such a man is Bill Young of Shaw Bros. Oil Co. at 822 N. W. 9th, the Pure Oil Dist. for this area, who a great many times in the past has neglected his own business and private affairs to lend a helping hand or to contribute financially to civic projects.

Bill's friends are always more than glad to have his assistance because of his constant cheerfulness and the enthusiasm and optimism which he instills in his fellow men.

These same estimable attributes have always been applied by Mr. Young in the management of Shaw Bros. Oil Co. with the outstanding success which is known to us all. It is our pleasure to give him all the credit which is his just due and to include him in this review of progressive Belle Glade business men.

LOUIS MOTES

In mentioning some of those men who are taking a progressive part in the evolution of the business and social life of Belle Glade and vicinity, we would be censured if we failed to include Mr. Louis Motes of Motes Plumbing, at 625 S. E. 5th.

Mr. Motes is that solid type of citizen whose fairness and friendliness and sincere desire to serve the people in a manner that leaves nothing to be asked for, are accountable for a large measure of his success.

During the time Louis Motes has been in business in Belle Glade, his personal interests have become more closely interwoven with the business and civic affairs of the city and he has become accepted as a man who can always be called upon to further community activities.

Mr. Motes has earned the friendship and good-will of his fellow citizens. We wish to compliment him on the successful way he has managed Motes Plumbing and wish him and the business many years of success in Belle Glade.

A. B. MATHIS

Mr. A. B. Mathis of Mathis' three grocery stores at Lake Harbor, 353 S. W. 5, Belle Glade and Okeechobee Labor Center, is to be commended for his high code of ethics for business relations, his desire to serve his fellow man and his participation in civic and community responsibility. In these days of "strap trading" such ideals deserve prominent mention.

Mathis Grocery, built with careful planning and hard work, is successful largely because of Mr. Mathis careful attention to detail and his popularity in the community reflects his friendly disposition that has gone far in making him a "pal" to almost every customer.

With this section's businessmen playing such an important part in it's development, we are fortunate to have Mr. Mathis in a position of prominence, not only to raise the prestige of the trade area but to add his congeniality in helping the increasingly important trade industry.

We wish Mr. Mathis and Mathis Grocery many years of continued success.

UNCLE LUKE SMITH

This well-known citizen of South Bay is referred to by his many friends as Uncle Luke and few are playing so active a part in this section's development from a building standpoint.

A large part of the success of Reynolds & Smith, Inc. at South Bay, we believe, is due to Mr. Smith's faculty for making friends and winning the esteem of fellow businessmen. It is perhaps because he takes an interest in other people and appreciates the patronage extended his dragline business.

Uncle Luke has always been keenly observant and alert to the conditions and needs of his community and has taken a pronounced and well-poised position in matters affecting the welfare of this section. This same insight in conncetion with the needs and desires of his customers has been a big factor in the present successful operation of his business.

This area is indeed fortunate to have such a qualified person as a key figure in its business life and there is no better assuracne of continued prosperity and growth than to have friendly business men like "Uncle Luke" Smith.

HUGH BRATLEY

There are many men in Belle Glade who without show or pretense have established themselves in positions of prominence in the community. These are men of keen foresight who took advantage of the facilities our town had to offer and built their businesses to such a degree that they are definite assets to the city, and deserve an occasional word of praise and recognition.

Hugh Bratley of Everglades Federal Savings and Loan Assn. at 40 S. W. Ave. B. is a man whose business career has been most successful and he has attained a high reputation for business capacity and reliability in the city. He is one of the enthusiastic supporters of public enterprise and has shown his absolute faith in Belle Glade by his undaunted spirit in his business ventures. Such accomplishments would only be possible for a man of Mr. Bratley's calibre. We are looking forward, with interest, to his continued success.

RED IMES

An eminent figure in the world of business, Mr. Red Imes has become highly regarded as a crop duster in the Belle Glade area.

Despite his full business life, Mr. Imes has continually performed numerous roles in community affairs, ever sincerely alert to aid in solving civic problems.

The name of Red Imes has become synonymous with excellent crop dusting, and people in this area have come to look to him for the best in quality and service. Mr. Imes' many years of experience in the business and the force of his personality undoubtely are two of the many reasons for the success of the business.

Red has accumulated a following of discriminating clientele who admire his type of work and are eager to praise his endeavors. He has earned the loyalty of his friends and has attained his position in the community because he has responded quickly to the task of becoming a better than average citizen in a better than average section.

JACK GORHAM

Believing that Belle Glade has important things to offer the man of enterprise, Jack Gorham of Coastal Motors & Equipment our Case Tractor & Pontiac Dealer at 636 Palm Beach Rd. is carrying on business with an eye to expansion and development and has faithfully supported all moves for civic advancement. This policy has kept his establishment on a modern scale and has improved the service it renders the public. Business men of this type are vital in the progress of any community.

People in this area have come to look upon this business as a cosmopolitan establishment where they may deal with confidence and be accorded efficient service. With Mr. Gorham satisfaction is a matter of pride, with which no compromise can be made. Seeming to realize this, his customers are lavish in their praise of the establishment and the man behind it. Such firms form a substantial trade area of which a city can be proud.

Jack, an enthusiastic prophet of civic expansion with a sound basic knowledge of business procedure, possesses the qualities that must be acclaimed in this review and we are confident that his business will thrive and grow with Belle Glade.

C. S. WATERS

When quality, integrity, dependability and impressive leadership are mentioned, one always thinks of Water's Sinclair Service Station at South Bay, under the capable direction of Mr. C. S. Waters. Taking pride in the fact that his station has played a part in this section's growth and progress, Mr. Waters enthusiastically works to keep his business modern in every respect and keep it known as a place where you may truly "trade with confidence."

Proving that there is no substitute for experience, this station has become a landmark for resident and tourist and the past years have been used in learning how to serve the people of this area with the finest service and customers here have found that in gasoline and oil, as in most things, top quality doesn't cost — it pays.

Mr. Water's standards have been matched by his civic endeavors and he is proud to play a part in this area's growth as a solid neighborhood and a mature, complete trade center. He is willing to "pitch in" and cooperate on any plan to further the prosperity of the community.

C. S. Waters is to be congratulated for his public spirit and forward-looking policies and we are sure that Water's Sinclair Service will grow and prosper.

SARA LEE CREECH

The progressiveness of Miss Sara Lee Creech has been proven by the fact that she is constantly adding to and increasing the service which Flowers By Creech at 632 W. Palm Beach Rd. extends to the people.

The large volume of business handled by her proves that floral arranging is not just a term, but something to be sought after to the fullest extent of her ability.

In addition to her close attention to her business affairs, Miss Creech was never a woman to dodge her civic responsibilities, and help in those matters has always been carefully given. She is a member of the Business and Professional Woman's Club, which is her favorite feredation.

She fully appreciates the value of good will, and has more than her share of that intangible commodity in which she meets both business and civic obligations. Sara Lee Creech is a credit to the community, and is thoroughly established in the forefront of the business life of Belle Glade.

Miss Creech has many friends in Belle Glade, and it is a pleasure to bring her before our readers in this review of progressive business people.

HAROLD RABIN

The most important factor in the growth and prosperity of any community is the having of businessmen who will bring new ideas and services to the public. There are many men of this type in Belle Glade. This is the reason it has fast become the best known farming center in the United States.

One of the Belle Glade businessmen who not only offers the people a unique and valuable service but who never fails to aid in civic activties is Mr. Harold Rabin of Harold Rabin Co., Inc., a packing house at 833 N. W. 9th.

Mr. Rabin uses up-to-date business methods plus his contributions to civic affairs to show his appreciation for the success of his packing house.

Some men become known as leaders in this field, some become known as leaders in civic affairs and we compliment Harold Rabin upon becoming known as a leader in both.

CLAUDE SHIRLEY

Proud of Belle Glade, a leader in business circles and standing high in the esteem of his fellow citizens is Mr. Claude Shirley of Shirley Bros., Inc., on State Road 717. Such qualities as these make it imperative for certain business men to be included in this review.

With this section growing steadily evry year, it becomes more and more important for the businessmen of this section to keep open minds for new ideas and products to better their own business and thus make the city a more progressive community that will attract even more trade.

In line with this progressive trend, Mr. Shirley has proved that he is an expert in the redimix concrete and building material business with a thorough knowledge of the requirements of his many customers.

Claude Shirley is an encouraging example of success gained through the proper use of everyday opportunities. He has every reason to be proud of his success and the Belle Glade area has every reason to be proud of this business.

Traction. 4-wheel drive gives the extra traction for traveling up steep grades or broken ground. The 'Jeep' is built to stand up and take it in tough usage.

Mobile power. With power take-off, the Universal 'Jeep' provides mobile power for operating welders, compressors, generators and many other kinds of specialized equipment.

Hydraulic lift. With hydraulic lift, the 4-wheel drive 'Jeep' operates graders, scrapers, post hole diggers and most 3-point hitch implements.

Now a 'Jeep' with longer wheelbase—the new model CJ-6. Carries larger, bulkier loads; has all the features that made the 'Jeep' famous.

Tough jobs demand a Universal 'Jeep'
A 4-Wheel-Drive Universal 'Jeep' takes you to the job, wherever it is—on the road or off! This rugged performer carries men and equipment over the highway in conventional 2-wheel drive. Then, when work calls for travel off the road—through mud, sand or snow, up hill or down—you shift a single lever for the extra traction of 4-wheel drive. With power take-off, or hydraulic lift, the Universal 'Jeep' does an almost endless variety of jobs. To find out what it can do for you, ask for a demonstration.
